INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statements of financial condition of Newbury Street Capital Limited Partnership as of December 31, 2007 and 2006, and the related statements of income, changes in partners' capital and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Partnership is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Newbury Street Capital Limited Partnership as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of computation of net capital under Rule 15c3-1 of the Securities and Exchange Commission is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Significant Accounting Policies:

Reporting Entity: Newbury Street Capital Limited Partnership (the Partnership) was formed on March 16, 1993, as a Massachusetts limited partnership and is registered under the Securities Exchange Act of 1934 as a broker/dealer providing securities brokerage, placement and underwriting services. The Partnership utilizes a clearing/carrying broker to execute brokerage transactions and to perform custodial functions relating to customer securities.

Revenue Recognition: The Partnership recognizes revenues and expenses relating to commissions on a trade date basis.

The Partnership shares in interest earned by the clearing broker on debit and credit balances of the Partnership's clients' accounts carried by the clearing broker. Interest income is accrued as earned.

Cash and Equivalents: The Partnership maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Partnership has a cash management program which provides for investment of excess cash balances primarily in federally insured interest-bearing accounts. The Partnership considers such highly liquid investments with maturities of three months or less when invested to be cash equivalents.

Investments: Investments in marketable securities are valued at market value based on quoted market prices for such securities. Non-marketable securities are also valued at market value as determined based on management's estimates. Gains and losses arising from all securities transactions are recorded on a trade date basis.

Income Taxes: No provision for federal or state income taxes is presented in these financial statements as Newbury Street Capital Limited Partnership is a partnership and, accordingly, the Partnership's taxable income is allocated to its partners for income tax reporting purposes.

Uses of Estimates: Management has used estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities in its preparation of the financial statements in accordance with accounting principles generally

accepted in the United States of America. Actual results experienced by the Partnership may differ from those estimates.

Reclassification: Certain amounts in the 2007 financial statements have been reclassified to conform to the 2006 financial statement presentation.

2. Clearing Broker Deposit:

The Partnership is a party to a fully disclosed clearing agreement with a clearing broker. The terms of the agreement require that the Partnership maintain a deposit in the amount of \$150,000.

Furthermore, the Partnership is required to notify the clearing broker in advance of partnership distributions in excess of ten percent of its net capital. The Partnership was in compliance with this contractual provision during 2007.

3. Net Capital:

The Partnership is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of not less than the greater of 6 2/3% of aggregate indebtedness or \$5,000. As of December 31, 2007 and 2006, the Partnership's net capital amounted to \$295,451 and \$193,892, respectively.

Rule 15c3-1 also requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Partnership's aggregate indebtedness to net capital ratio amounted to 0.19 to 1 and 0.13 to 1, as of December 31, 2007 and 2006, respectively.

4. Equity-Based Compensation:

On April 1, 2005, the Partnership admitted one new limited partner through the issuance of a profits interest to such partner. The new limited partner's interests are subject to certain vesting arrangements. Equity compensation expense recorded in connection with this profits interest amounted to \$18,586 and \$18,954 for the years ended December 31, 2007 and 2006, respectively.

5. Related Party Transactions:

The Partnership acts as a broker in security transactions for an entity affiliated through common ownership. All commission revenues are derived from transactions initiated by the affiliated entity.

The affiliated entity provides certain administrative and management services to the Partnership. Management fees incurred by the Partnership with the affiliated entity for these services amounted to \$120,000 during each of the years ended December 31, 2007 and 2006.

Additional expenses incurred by the Partnership with the affiliated entity for training, computer, office, legal and research expenses amounted to \$27,502 and \$30,290, during the years ended December 31, 2007 and 2006, respectively.

Due to affiliated entity represents amounts due to the affiliated entity for management fees, training, computer, and research expenses. As of December 31, 2007 and 2006, such amounts due to the affiliated entity amounted to \$41,866 and \$9,276, respectively.

For the Year Ended December 31	2007
Aggregate Indebtedness	<u>\$ 57,012</u>
Partners' Capital	<u>\$ 311,003</u>
Deductions for Nonallowable Assets:	
Prepaid Expenses and Other Current Assets	(10,103)
Unallowable Commissions Receivable	(449)
Portion of Insurance Deductible above \$5,000 Limit	<u>(5,000)</u>
Net Capital	295,451
Minimum Net Capital Requirement to be Maintained	5,000
Net Capital in Excess of Requirements	<u>\$ 290,451</u>
Ratio of Aggregate Indebtedness to Net Capital	<u>0.19 to 1</u>
Reconciliation with Partnership's Computation (included in Part II of Form X-17A-5 as of December 31, 2007):	
Net Capital, as Reported in Partnership's Part II (unaudited) FOCUS Report	<u>\$ 310,451</u>
Net Adjustments to Accounts Payable and Accrued Expenses	<u>(15,000)</u>
Net Capital Per Above	<u>\$ 295,451</u>

**Independent Auditors' Report on Internal Control Structure Required by
SEC Rule 17a - 5**

In planning and performing our audit of the financial statements and supplemental schedule of Newbury Street Capital Limited Partnership as of December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Partnership's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making quarterly securities examinations, counts, verification, and comparisons,
2. Recordation of differences required by Rule 17a-13 and
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

To the Partners
Newbury Street Capital Limited Partnership
Page Two

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
